

JEFC NEWS

Issue 1

Welcome to the first JEFC newsletter

As our club continues to grow and develop, it is important that we include more ideas with regard to informing everyone associated to our club of what is going on in order for everyone to have a clear understanding of what we are about.

I have been extremely impressed as usual with the quality of football being played by our teams. Junior Elite players are taught to understand football in a format that is totally different to the opposition players they are playing against week in week out. As a result of this it can take a while to adjust to. However once this style of play is taken on board and displayed in matches by our players, this is what separates us from every other Sunday club in the country and provides the opportunity for so many of our players to join professional clubs.

During the summer we lost two of our long term coaches in Leion Dillon and Lumumba Amana, I would like to thank them for their contribution to Junior Elite and wish them every success in the future. Freddy Adu took over Lumumba's under 9 team and has been nothing short of outstanding with his quality coaching and commitment to the group. As a result of Leion's departure, I felt it was important that someone who had good

Newsletter

knowledge of the group, work with them especially as they were beginning to start playing 11 a side football, so I now manage and coach them.

We are going to start our next generation of Junior Elite players and are looking for players between the ages of six and seven to play in our under eights for next season. If you would like to recommend a player please contact Winston Kelly.

The success of the Junior Elite programme has seen three of our players sign for professional clubs in the last year, congratulations and good luck to Emile Smith-Rowe who joined Arsenal, Daniel

Mcloed-Higgins who joined Brentford and Dishon Bernard who joined Chelsea.

We are without question the most important sunday club in the country. Moving forward our targets are clear,we aim to create football teams that continue to play football with the right style and swagger, to continue to create players who go on to become professional footballers but most importantly, we aim to create young people who grow up to become good people in life.

Enjoy the rest of the season

Kieran Djiali graduated from Junior Elite Football Club in 2005. He went on to sign for Crystal Palace at the age of 14, it was during this period Kieran attracted the attention of a number of premier league clubs and was invited to play for Manchester United in the under 17 milk cup.

Kieran signed professional for Crystal Palace at the age of 17 and made his debut in the first team at the same age. He is one of the most exciting young players in the country and has a huge future ahead of him. We at Junior Elite are proud to say he is very much one of ours.

Player's Name: Dominic Vose
Plays for: West Ham United
Position: Midfielder

Jardel Adeyinka Captained the Fulham under 11s, in the Premier League Futsol tournament on Sunday 30th January. They won it, beating teams like Chelsea, West Ham Charlton and Arsenal along the way.This is an outstanding achievement for him personally and equally for both Fulham and Junior Elite.

24th January 2011

Dear Parent/Guardians

I am writing to inform you that following the cancelation of our under 11s game on Sunday 23rd January against Langley Hawks, any player who fails to inform us that they are not available to attend matches or training without contacting us will have their registration cancelled with immediate effect at Junior Elite Football Club.

Any player who is late for games will not be considered to play in that game. There is no question that we have an attendance and punctuality issue with some of our players and parents and this type of poor attitude is having a knock on effect on the rest of our players and parents who are always prepared and ready for matches and well also effect and damage our chances of winning the League Title that we have been working extremely hard to win.

A lot of time and effort is put into preparing for matches by both the players and the coaching staff and for us to have to cancel a game for these reasons were both embarrassing and frustrating.

To play or be associated to Junior Elite you have to be one hundred percent committed to both training and games, if any player or parent feels that they cannot do this then we are not the club for you to be at. Below is a structure of how we prepare for match day, this will identify why players need to be on time all the time.

- **Meeting time one hour before kick off time**
- **Player's changing time: 15mins**
- **Team Talk/Attacking/Defending tactics: 15mins**
- **Warm up Jog/stretches/sprints: 10mins**
- **Ball warm up Quick passing drills/Team shape work: 15min**
- **Last team talk/reminders of roles responsibilities: 5mins**

Between now and the end of the season we will be monitoring closely the attendance and punctuality of all the players at our club.

If you have any queries regarding this matter please do not hesitate to contact me .

Yours Sincerely

**Colin Omogbehin
Junior Elite Director**
